1.1.73
a Lesson in the University of The New Covenant
Theodore Cottingham, August 10, 2003
www.NewCovenant.me

1. Ted, I love you and I appreciate you coming to the lake. I appreciate you trying hard to obey My commands, My requests, My instructions. I appreciate you trying to rest and refresh yourself and those around you. I appreciate you. I love you. I enjoy you.

I enjoy you writing My words and giving Me voice and asking Me if I want to say anything before you shorelines leave today.

2. I want to tell you I love you and I appreciate you. I want to say to My people I love you and I appreciate you. I love you so deeply and I appreciate every effort you make in thought and deed to know Me and share My love. I appreciate every kindness you give Me and give others, especially in My name. I appreciate you opening to Me in the new things I am doing and will do through Ted, and you, if you both let Me.

3. I will move through you and your sons and daughters like I have not moved in many years, many, many years, and more.

4. You who want Me enough to lay aside your ways of thought and operation enough to look at My slate, My agenda, to seek My heart, to know My scriptures, to seek maturity, to prioritize time with Me, regardless of your involvements and those who press you, press you, press the life out of you, the true life out of you—you who let Me and come and sit at table with Me will be rested and refreshed in your spirit/mind and confusion will diminish and depart and clearer you will see Me and hear Me and be used of Me, in the new things I do, and am doing, and am doing now.

5. Sides are being chosen as you read this. Thousands and thousands of people are choosing sides and deciding what way they will go and whose energy they will energize. Oh Ted, much change, much change, much change.

6. To Kansas City, go, when invited. And enjoy My people and the momentum of worship I have established, and am establishing, and am expanding—globally. I am. I am. I am and I am pleased with their passionate pursuit of Me. I am pleased with them and expanding them I am, and expanding you I am, and networks of all—Me—will you all enjoy and expand and build together.

7. I love you. I love them. My Father's heart is in you and in them and expanding the hearts of all who seek the Father's love—satisfaction, fulfillment, friendships, freedom, and Ted, globalization in manner yet understood.

8. Keep maturing and seeking My judgment and My instruction and have it—have Me—you will—schools, schools, schools.

9. Favor, favor, greatness in My kingdom. Purity, humility, purity, humility, purity, humility—required—personified in you, you Ted, and you leaders who want to continue to lead. Without it, without it, without Me, your role will diminish.

10. With purity and humility and a contrite spirit I will flourish in ways manifested astounding family members and acquaintances and saying, how can these things be?—

11. For all Ted, for all, for all who will come to Me and seek Me, seek Me, seek Me in purity and humility—all arrogance aside, dispossessed, dispossessed, not entering My kingdom or My lambs any longer—humility, humility, humility and power, power and purity, purity and power, power personified—My power working to do and be the will of My Father, Your Father, our Father, in whom is no shadow or variableness of turning.

12. Ted, you want My ways, My precepts, My Me, My intimacy displayed in details of practical living, in signs and wonders of simple life details, simple living and sharing life together, knowing I don't separate the thought-spiritual and the thought-natural. I am Me. I am Me and I am manifesting Myself at My table and in every heart seeking to tune into My frequency and accept Me and My voice and My gifts of life and abundance.

13. All is changing Ted. All is changing—all the 'rules' will change, for all the underlying truth will change that is not pure truth, and purity of truth will emerge, will emerge and triumph in every heart letting Me.

14. Oh Ted, lakeshores enjoy in every country. I have so many beautiful places, and in every place I have such beautiful people—people I created, people that I birthed, people that came through Me—My womb—to be birthed, and now reside in places all over My globe—waiting, waiting, waiting. So many know not for what, but Ted, they're waiting for Me and the full knowledge of reconciliation of Me in relationship with them in the details of their life—companionship and friendship and friendships of My choosing and My making and My gifting, to them, to each of them.

15. Much beauty Ted, much beauty—help My body see My beauty in My creation—My people and in all that I have created. Focused on fear I do not want My creation. Fearful of the future and the great magnitude of changes ahead, I do not want My people.

16. Fear not the fearful.
Fear not the future.
Fear not enemies of paper tigers who can kill the soul not.
Fear not life and fear not death.
Fear not life and fear not death.
Fear not honor and fear not lack.
Fear not friendship and fear not loneliness.
Fear not, fear not, fear not.

17. That's what I want to say today, fear not, I love you, I appreciate you. I endear Myself to you. I enjoy you. Let no man or philosophy or greed-motivated media-produced lie take you captive about what is important in your life, your life on earth today, robbing you of position in life eternal, life hereafter, which is soon to be, soon to be, for all in Me.

18. I love you Ted, **teach My people to love Me and love each other**, and list of rules and regulations I'll provide, in person, at My table, and worry not about those who only want to follow rules and regulations and forfeit relationship directly with Me. I love them and I bring others to them and they all choose, they all choose.

19. Thank you for choosing Me, oh reader, oh hearer, oh doer of My word in deed and thought.

20. Open to Me and let Me teach you at My knee, at My table, in My chambers, and love you so unconditionally, so deeply, so penetratingly into your being of spirit/soul thinker/mind that you never doubt Me again.

21. I love you. Come near. Come near. Come rest. Come lay your burden and misunderstandings and lack of understanding on Me.

22. Give Me your finiteness so I can give you My infiniteness. Give Me your fear so I can give you My faith, My fullness to permeate your future with.

23. I love you.
Specifics come.
Provisions come.
Invitations come.
Go, go, go.
Run, walk, run, run.

24. Now is the time.
Stand up, love, lead.
Stand up, love, lead.
Stand up, love, lead

25. My message to you this day, August 10, 2003, Ted, beside lakeshores listening to the lapping of the waves, Me expressing Myself to My servant, wanting to express Myself to My every servant, in fullness, in faithfulness, in relationships galore, in fulfilling satisfaction of heart and soul, in Me, in Me, in Me, expressing Myself to My Mine—in every way, in every day, in every detail, throughout My body.

26. Enjoy Me,
Enjoy each other,
Enjoy what I've done and what I'm doing in fullness of love, love, love to each other,
Love with Me,
Lovers be, please,
Lovers be,
In Me,
Lovers be.
